SPECIAL MEETING
Bantam Borough Town Hall

Present: Adam Yarrish, Chair

Chairman Yarrish called the meeting to order at 10:33 a.m.

1. PLAN OF CONSERVATION AND DEVELOPMENT

The Commission focused today's meeting on the areas of Cultural and Historic Resources, Transportation, Sewer and Water Infrastructure, Education and Governance.

For the Cultural and Historic Resources, the Commission adjusted strategies and actions to be in line with the resources within the borough.

The Commission discussed the importance of having a strong online presence to assist residents as the office is not staffed. Digitizing files was proposed to create a searchable database.

There were several items discussed under the Transportation section including electric car charging stations, the pedestrian community greenway and the possibility of a parking study to assess the Boroughs parking needs.

The Commission will seek other input for the Infrastructure section as they are not well versed in the Borough's existing water and sewer or its future needs.

The Education section will be eliminated as the Borough does not have any operating schools.

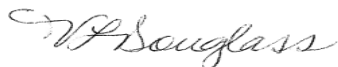

The Governance section was reduced to be relevant to the borough.

The Commission will have one more special meeting on Sunday, March 10th at 10:00 a.m.

2. ADJOURNMENT

There being no further business Mr. Buonaiuto Buonaiuto moved to adjourn the meeting at 11:43 a.m. Motion seconded by Mr. Donohue and carried unanimously.

Respectfully Submitted,

Valerie L. Douglass, Commission Clerk
