

Letter to Litchfield First Selectman

Our community has seen an alarming increase in illegal activity, excessive speeding, traffic violations, etc. over the past few years. While we appreciate the service of the two Resident Troopers, we feel the 56+ square mile area they must patrol is beyond their ability.

We respectfully ask the Town of Litchfield Board of Selectmen implement the hiring of at least two police constables to supplement our public safety force and be a consistent town presence.

This letter will be presented to the First Selectman of Litchfield with the names of residents who support this statement. If you would like to add your name, please reply to this email or call any one of the numbers below.

Thank you
